

Do you agree we need to make it safer and easier for children to walk and ride a bicycle to school?

Australian children are less likely to walk or ride a bicycle to school than children from most other OECD countries.

Children walking or cycling to school

To make streets easier to cross, are you willing to consider the following:

Select all that apply

- More crossing facilities, e.g. raised crossings ("wombat crossings")
- Reducing traffic speeds in built-up areas
- Reducing car traffic volumes
- Other:

To protect neighbourhoods from "rat running" do you support low car traffic neighbourhoods?

Low traffic neighbourhoods prevent rat running by only allowing local traffic and encouraging walking and cycling. Photo source: Mark Sutton, cycling industry news.

In order to make it safer for children to walk to school, do you support 30 km/h limits in neighbourhoods?

International best practice is 30km/h for local streets. Read more about the benefits of 30km/h streets and myth busting <https://theconversation.com/busted-5-myths-about-30km-h-speed-limits-in-australia-160547>

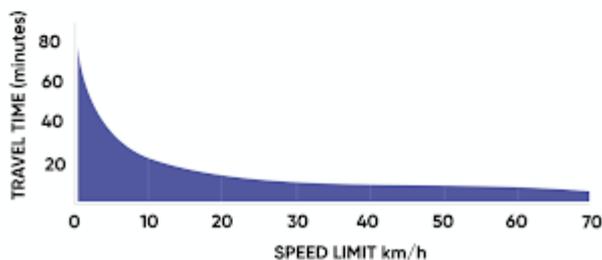

Travel time urban area

	Average Speed	Travel time for 1km	Travel time for 3.5km
	5km/h	12 min	42 min
	15km/h	4 min	14 min
	21km/h	2.9 min	10 min
	26.4km/h	2.3 min	8 min

What are your thoughts about improving walkability in our LGA?

Providing people/bike/disability vehicle only green spines within LGAs with area/suburb loops to allow connectivity and access to all parts of the LGA without the need to use roads.

Please specify any council motions that you supported or proposed to make walking better in our LGA (please provide a description, date and/or motion number).

Many - Tree Canopy Policy, creation of of a University in the CBD for walkability and connectivity, removal of cars within the CBD by the creation of a major underground carpark (notwithstanding this still does not remove cars from the roads in the immediate future -may be a site for EVs of all descriptions in the future), supporting Traffic Committee recommendations on a monthly basis that address wombat crossings and other initiatives that address school related traffic safety issues, trialling smart poles for traffic management issues, chairing an Inter Government Advisory Committee and pursuing an LGA connected cycle plan.
