To make streets easier to cross, are you willing to consider the following:

Select all that apply

- More crossing facilities, e.g. raised crossings ("wombat crossings")
- Reducing traffic speeds in built-up areas
- Reducing car traffic volumes
- Other:

We believe that there will probably not be a one-size-fits-all solution and schools will need a bespoke strategy being a mix of infrastructure, traffic conditions including speed limits and behavioural elements depending on the particular circumstances of adjoining streets.

To protect neighbourhoods from "rat running" do you support low car traffic neighbourhoods?

Low traffic neighbourhoods prevent rat running by only allowing local traffic and encouraging walking and cycling. Photo source: Mark Sutton, cycling industry news.

What are your thoughts about improving walkability in our LGA?

We will continue to support Council budget commitments to build more footpaths/ shared paths throughout the LGA, including budget provision for regular maintenance, to connect our communities and make walking a viable option for residents and visitors.

Please specify any council motions that you supported or proposed to make walking better in our LGA (please provide a description, date and/or motion number).

The Labor Team on Wollongong Council supports The Safer Routes to Schools program, endorsed the Wollongong Cycling Strategy 2030 and Chairs the Walking, Cycling and Mobility Reference Group.
